

## SAP Solution for a leading Food & Beverage Chain

---

Our client's is the second largest food and beverage company in the world with business across five core division viz., snacks, beverages, cheese, grocery and meals. Six of their brands have annual sales of more than \$1 billion, and a total of 61 brands have sales of more than \$100 million.

---

### **Situation**

The need to integrate the operations in all countries resulted in implementation of SAP R/3 enterprise.

### **Solution**

The enhancement was done for reports, batch input, and user-exit and data extraction. The modules being implemented were:

- Inventory Management (MM)
- Accounts Receivable (FI)
- Production Planning (PP)
- Sales and Distribution (SD)

### **Benefits**

- Reduction and controlling operating costs
- Increase in overall productivity
- Sharing risks in maintenance
- Freeing of internal resources to focus on core areas
