

# SAP Technical Upgrade Project

## Business Scenario

Upgrading Landscape to SAP ECC 6.0 with EHP8

---

Client has implemented SAP ECC 6.0 and approached AG Technologies for upgrading its Landscape to SAP ECC 6.0 with EHP8.

The project also includes OS Migration from In-Premise to AWS Cloud (Window server 2003 to Windows server 2012 and MSSQL 2005 to MSSQL2012).

## Introduction

### The Client

The company is an ISO 9001 company has been involved in offering products and services to the engineering, industrial and automobile industry for over twenty five years. It has two manufacturing plants in Pune, India and manufactures a wide spectrum of engineering products used in the transportation, agricultural and industrial segment.

Company believes that a good, "Best-Fit Solution" is the most effective way to generate value for each client and sustain value over time. We achieve this through rapid product development cycles, controlled processes and creativity in engineering.

## Business Requirement

Client's requirement was to upgrade their existing landscape comprising of Solution Manager 7.1, Development, Quality & Production servers from SAP ECC 6.0 to SAP ECC 6.0 EHP8 on AWS Cloud.

## Solutions Benefit

- SAP ECC 6.0 EHP8 provides more functional enhancements that can improve process efficiency of the organization.
- It also simplifies daily business tasks through more appealing and integrated user interface concepts that increase user productivity and satisfaction
- SAP ECC 6.0 EHP8 integrates the functions of most SAP industry solutions so that these solutions no longer need to be installed and set up separately.
- Enhancement packages reduce the conflict between stability and innovation.
- Enhancement packages help to permanently reduce the functional gap.
- Client can stay up to date with the underlying technology and ensure business continuity and system stability.

## Project Summary

### Industry

Automobile Engineering

### Client Profile

Duroshox is involved in offering products and services to the engineering, industrial and automobile industry for over twenty five years.

### Solution

AG Technologies Upgraded SAP Version from ECC 6.0 to ECC 6.0 EHP8 with OS migration and Database Upgrade

### Solution Benefit
